STATE PARKS

2020 CALENDAR

The mission of the Friends of Wisconsin State Parks is to **preserve, protect, promote** and **enhance** Wisconsin's state parks, forests, trails and recreation areas for future generations. FWSP accomplishes this mission by strengthening its network of local Friends Groups and by enhancing the relationship between the DNR and partner groups.

LETTER FROM THE PRESIDENT

Thanks again to *Wisconsin Natural Resources* magazine for the opportunity to showcase the winners of the 2019 Friends of Wisconsin State Parks photo contest. The photos in this year's calendar celebrate the beauty of Wisconsin's outdoors as well as the joy these places bring.

If you like what you see, go explore and be sure to submit your own photos for next year's calendar. And if you don't yet have a state park entrance sticker for the 2020 season, consider purchasing yours on our website at FWSP.org.

The tax-deductible donation included with each purchase helps support FWSP and our efforts to preserve, protect, promote and enhance Wisconsin's state parks, trails, forests and recreation areas.

Working in collaboration with the DNR and local Friends Groups, FWSP has coordinated thousands of hours of volunteer efforts, raised funds for vital state park causes, and provided a public voice for our state's outdoor treasures. Over the last eight years, FWSP has provided more than \$160,000 to local Friends Groups to hire naturalists, fund educational programs and build interpretive displays.

In addition, each year, FWSP sponsors Work*Play*Earth Day events at properties around the state. Hundreds of volunteers gather to clean up trash, repair benches and picnic tables, remove invasive species, plant trees and take on an assortment of other projects.

FWSP also promotes parks via our website, quarterly newsletter and, of course, the annual photo contest that produces the striking pictures in this calendar.

We look forward to growing our capacity to support the Wisconsin State Park System. These properties are true treasures. Please join us in ensuring they remain so for generations to come. See you on the trail!

FEBRUARY 2020

Enjoy winter!

Friends Groups sponsor many winter candlelight events. These popular activities may include lighted trails for cross-country skiing, snowshoeing and hiking. There are usually fires for warming up and the Friends Groups often sell concessions, with proceeds benefiting the parks. All winter long, the Friends may help with cross-country ski clinics, races and other special events, and assist park staff in grooming trails.

MARCH 2020

Join a local Friends Group!

Friends members and volunteers help park staff with a variety of spring cleaning projects, including repairing fences, cleaning up park grounds and trail maintenance. The Friends also make information signs for parks and assist with carpentry projects such as building birdhouses, constructing kiosks, and repairing benches and picnic tables. Many Friends Groups cut and stock firewood for sale to park visitors, with proceeds going back to the parks.

APRIL 2020

Celebrate Earth Day!

FWSP hosts several Work*Play*Earth Day events in April and May, and this year's Earth Day is extra special — the 50th anniversary! Volunteers at Earth Day events help the parks by cleaning up picnic and campground areas, planting trees, clearing park trails and removing invasive species such as garlic mustard. The Friends Groups typically provide lunches to say thanks to everyone who has volunteered for the day. Trail-building crews also are out getting the park trails ready for summer users. Many volunteers even "adopt a trail" and do regular trail work throughout the year.

MAY 2020

Learn about nature!

May is a popular time for school field trips to state parks. It's also when the Friends of Wisconsin State Parks announce winners of incentive grants awarded to local Friends Groups to support naturalist programs. The grants help to provide new educational materials at parks and nature centers. In addition, the Friends help at parks by presenting programs, conducting workshops and leading guided nature walks for school groups and other visitors.

JUNE 2020

Enjoy the night!

Universe in the Park programs are a great way to learn about the night sky. The programs are scheduled at parks around the state, with Friends Groups often planning additional outings to coincide with these events. Activities throughout summer include campfire talks, sing-alongs, visits by Smokey Bear and music performances. Friends members may even perform themselves! At park campgrounds, extra help with these events and other park projects comes from campground hosts, who are available to make sure campers enjoy their stay.

OCTOBER 2020

Celebrate fall!

Autumn is in full swing in October, and there is no better time to take some amazing photographs of Wisconsin's state parks and forests at peak color. Nature centers are busy with family-friendly activities, and Friends Groups also hold many programs to celebrate fall and Halloween. There may be candlelight hikes with trails lit by jack-o-lanterns, non-scary night events and more. With two full moons in October 2020, it's the only month of the year with a "blue moon," which just so happens to be on Halloween!

Support the Friends!

Friends raise money for matching funds so they can apply for grants through the state's Knowles-Nelson Stewardship Program to help with work including habitat restoration, trail maintenance and the construction of park facilities. Past projects from Friends Groups have included the construction of shelters, playground equipment, boardwalks, trails, accessible cabins and interpretive exhibits, as well as invasive species removal and restoration of prairie and woodland habitat. Thank you!

Local Friends Groups join with the Friends of Wisconsin State Parks and other volunteers to work together to preserve, protect, promote and enhance the state properties around Wisconsin by providing on-the-ground work, monetary support and advocacy for our most special places. Our Wisconsin State Park System properties simply would not be what they are today without the continued help and support of all our Friends and volunteers.

You can join the Friends of Wisconsin State Parks online at FWSP.org
